

HE'S BACK IN A FLASH !

He's back. He's meaner. He's more Dangerous.

Our intrepid adventurer and all-round super-hero saved the world once from the wicked ways of the Fat Man, leaving the overweight ogre tied to a stake and held by the Goolus. But fortune has smiled on Rick's enemy, and a strange alien race has befriended him. Now the threat to the world is twice as great. Rick's called back to action - in a Flash !

Rick Dangerous II is the ultimate platform poser, packed with puzzles and teeming with traps. Pick up and play. And play. And play

Starting in the Flying Saucer which has landed in Hyde Park, shooting off to the planet Barf with its ice kingdoms and mud mines, before finally coming face to face with the Fat Man in his headquarters, Rick endures screen after screen of heart pumping action and death defying thrills.

Bigger and better than before, Rick Dangerous II is altogether rip-roaringly first rate.

Screen shots taken from the Atari ST version. Actual screen shots may vary
